

**UC DAVIS**  
VETERINARY MEDICINE

# JANICE K. HOBBS

UC Davis Veterinary Medical Center  
Southern California

## Compassionate Care Funds: Any amount will make a difference

What is compassionate care? With the help of compassionate care funds, families in Southern California can seek diagnosis and treatment for their sick or injured animals at our veterinary clinic, regardless of financial circumstance. The program has benefited many clients and their animals, large and small, to ensure all pets can get the care they need despite the financial circumstances of their owners.

To learn more about supporting the Janice K. Hobbs UC Davis Veterinary Medical Center Southern California, please contact:
